2020-2021 SPRING SEMESTER FLUID MECHANICS FINAL EXAM, Date:15/06/2021

Name: **Surname:** **Student ID:**

Question 3 (25p)

Two water jets of the same diameter collide perpendicularly to each other as shown in the figure. The flow resulting from the collision deviates at an angle of θ with the horizontal. Since the velocity (V) of the flow is 2.**ab** m/s, determine the deflection angle (θ) and the velocities V_1 and V_2. The system is horizontal, ignore the weight force ($Q_1=Q_2$).

a, and b are the last two digits of your student ID.
For example, Student ID: 17042082 a=8 b=2
