2022-2023 (SPRING) YTU CIVIL ENG. MECHANICS DIV.

STRENGTH of MATERIALS II

MIDTERM EXAM *26.04.2023*

Name:
Group:
No:
P=
Sign:

Explanation: Parameter P
Number a: is the last digit of your student number.
Number b: is the second last digit of your student number.

Example for **P=1ab (kN):** Student number: xxxxxx94, a=4, b=9 then **P=149 kN**

Duration: **30 minutes** (solution + uploading) **Good luck**

1) **(33p)** For the beam given below, if the allowable stress is $\sigma_{all} = 140\ MPa$, find the dimensions b and h so that $h/b = 2$.
Draw the normal stress diagram for the KLEC section.
